

# OSHAWA TURUL SOCCER CLUB

## 2024 FALL NEWSLETTER

### A MESSAGE FROM THE PRESIDENT

Greetings OTSC family!

If we haven't already met, I'd like to introduce myself. I'm Trim Klanieff, Oshawa Turul Soccer Club President and an Assistant Coach for the Oshawa Turul 2010 boys District team!

I hope you have all had an opportunity to see our new and improved club logo. The changes were designed to build on our past, by adding a shield to reflect our commitment to protect our future!

We're proud to say that we have continued our mandate to provide affordable soccer activities for local youth players, while increasing our programming offerings.

We have made a number of efforts to expand our club programming and continue to develop consistent and capable athletes. Now that the season is underway, I wanted to take this opportunity to reach out to our membership and provide you with what we have in store!

### CLUB WIDE TECHNICAL TRAINING PLAN

We'd like to thank our Club Technical Program Lead and our Club Head Coach who have been hard at work behind the scenes this summer to establish a new programming structure to our player development.

Starting this season, we will be implementing a club wide technical training plan that will introduce a periodized development program and better develop a unified playing style from our grassroots developmental players to the senior teams.

## PARTNERING WITH PREMIERSHIP ACADEMY

Our club has [partnered with Premiership Academy](#), an academy level program that gives players ages 6 to 18 the opportunity to be coached by UEFA-Licensed coaches that have worked with some of the biggest Premier League clubs in England.

This means that we can now provide supplemental training to athletes interested in sharpening their skills for recreational and competitive play. This partnership will offer players, in our region, the exposure and opportunities for pathways in playing at every level, university and college scholarships or vocational training in coaching, management and marketing. Our teams will be visiting premier league clubs for friendlies and training. If you're interested in [registering for the Premiership Academy](#), [find out more information here](#)

## 2024/25 RECREATIONAL PROGRAMS

We also provide a co-ed house league recreational program for youth across Durham Region. We endeavor to create a fun playing environment for players of all skill levels and experience to foster a love of the game and play weekly games. Our recreational programming is available for children born between 2008 - 2020.

Our micro soccer program for children born between 2018 - 2021 is currently open for registration for the Fall (October - December) and Winter sessions (January - March). Learn more about our house league, micro and technical training programs by [registering online on our website!](#)

## BARONS LEAGUE FOOTBALL FOOTBALL FOR FRIENDS, FAMILY, FORMER PLAYERS

The OTSC has also proudly partnered with the [Barons Football League \(BFL\)](#) to offer a place for co-ed adults to enjoy fair and friendly competition.

For past and present members over the age of 18, this could be a great chance to sign up and play with old friends and for current players to come watch their parents and coaches play.

This is a fun recreational option for adults, friends and family of the club to challenge their coaches on the field. We want to create a community not just for our kids to enjoy but for adults as well!

# COMPETITIVE SOCCER AT OSHAWA TURUL

Now that tryouts are complete, we're excited for our teams to pick up their fall and winter training. We're proud to say that our annual registration fees have not increased this year as we continue our mandate to provide affordable youth sports to our community all while increasing our commitment to our youth competitive athletes. This year we've aimed to increase the number of hours for on-field training for all age groups and ensure players have high quality training.

We're also excited to welcome Dani Petrovski to our team as our new Strength and Conditioning Coach! She will be leading the implementation of ongoing dynamic, exercise programs and specific nutritional training plans that help athletes achieve their peak performance.

The program will be used as part of our regular training sessions and includes options for at-home learning to help maintain progress outside of practice. It's designed for athletes at all levels, with specific adjustments based on age, skill, and goals.

## SPONSORSHIP OPPORTUNITIES

The OTSC this year has also been focusing our efforts on fundraising, donations and sponsorships. We have developed a comprehensive framework that outlines the benefits of sponsoring the OTSC which can be found [here](#).

We are also working hard with some sponsors in developing a benevolence fund that will assist some of our OTSC families that are experiencing financial hardships. If you are interested in sponsoring our club, or if you would like to donate to our benevolence fund, please feel free to reach out to me to discuss these opportunities.

## OSHAWA SANTA CLAUS PARADE

As we quickly approach the holiday season the OTSC will be participating in the Oshawa Santa Claus Parade on November 16 at 6 pm in downtown Oshawa. Come out and support our 2010, 2012, and 2014 players. A huge thank you to our sponsor DripCon this year who has donated the float to the OTSC to use in the Parade.
